**Your  
Host:**

**STORIES  
MATTER  
MEDIA**

**Special Thanks To: James O'Dea, Grandmother Mona Polacca of the 13 Indigenous Grandmothers, Philip Hellmich, Director of Peace at The Shift Network, Lauren Abramson, Rivera Sun, Kit Miller, Shari Garn of The Circle Way, Dr. Theo Gavrielides of RJ4All, and Belvie Rooks of Growing a Global Heart**

# Connection Series Preliminary Schedule

\*Important Note: Due to the confidentiality and value of holding safe space for process, the Level 2 Sessions will not be recorded unless there is a clearly-made agreement within your group/s. Guides have discerned that recording smaller group sessions is not in adherence to confidentiality, but if you have a question or concern around this, please let your Guide know at the time of your initial session, or contact us at the below email. All Timely Topic/Larger Group Sessions will be recorded and posted at the Participant Page that will house the schedule, updates, recordings, and resources.

\*\*We are finalizing further dates for a few Guides and for the Timely Topic Series; however, the Sessions posted here are firm and we do not foresee changes to them, while we can't guarantee there may still be some changes.

Added to the Series Schedule will be Presentations with Sequoyah Trueblood, Live Session/s with James O'Dea, Kit Miller of the MK Gandhi Institute, Theo Gavrielides of RJ4All, and others at Timely Topic Level One.

Please direct your questions to [info@malirowanpresents.com](mailto:info@malirowanpresents.com)

**Your participation makes this Series richer for your presence and for what you will share within sessions (if you wish). While your Guides are named as such, we all consider you equally important to this groundbreaking series. Thank you and we hope it proves to be practical, inspiring, and the relationships and partnerships that might come of this time help forge an ever-strong movement of change in our world, towards healing, restoration, peace, and balance.**

**Welcome.**

**Molly Leach, Director and Producer**
